The Pleasant Valley staff realizes that parents can provide valuable information regarding their child’s placement. While it is not our intent that children should choose class placement, parental input will be considered in the formation of classes for next school year. To form classes, we consider a number of factors. These include balancing the number of boys and girls, taking a look at academic levels, learning styles and compatibility with other students. This is a carefully planned process, and we value your input.

It is our goal to foster a partnership between home and school. We would like class placement to be comfortable and facilitate all of us working together in the student’s best interest. Please return this student profile form by Friday, May 15, 2020 in order for the information to be considered for student placement along with input from the principal and the staff. Remember, this is an overview of your child’s education needs, **NOT** a teacher request form, and will NOT be considered if it contains a teacher name.
